

## Nursery - Autumn 2 - Superheroes

	Communication and Language	Physical Development	Personal, Social and Emotional Development
Prime Areas	<p>This half term, the children will work on stories in depth and answering 'why' questions in relation to familiar texts. We will use our Colourful Semantics scheme to build sentences and orally rehearse them.</p> <p>Staff will encourage the children to talk about what they have been doing in their learning, developing their communication skills.</p>	<p>The children will have lots of opportunities to develop their own 'superhero moves' by moving in different ways such as skipping running, hopping, jumping and holding a pose.</p> <p>We will learn a range of superhero dances, remembering a sequence of movements.</p> <p>The children will continue to develop their fine motor skills in their Kinetic Letters sessions.</p>	<p>This half term, the children will develop their understanding of the rules in Nursery and why these are important for ourselves and our friends. We will talk about superheroes, how they make the right choices to help people and how we can do this ourselves to make sure we make other people feel happy.</p>

	Literacy	Mathematics	Understanding the World	Expressive Arts and Design
Specific Areas	<p>In our Literacy sessions, we will mainly be learning the story of Supertato by Sue Hendra. The children will get to know the text well and retell it to a partner. They will create their own shopping lists, listening for sounds that they can hear in words, recognising words with the same sounds and making marks to represent these.</p>	<p>In our Maths sessions, we will primarily be learning about shapes this half term. We will explore both 2D and 3D shapes and their properties. The children will select different shapes appropriately to represent objects that are familiar to them. They will also manipulate shapes, combining them to make new ones. We will also compare and group shapes.</p>	<p>During this topic, we will be learning about fictional superheroes, superheroes in our real life who help us at home and in school, making healthy choices like a superhero and how we can be the best versions of ourselves.</p> <p>We will be tasting a range of fruits and vegetables to design and make our own superhero smoothies.</p>	<p>The children will have lots of opportunities to engage in role play and small world activities about this half term's topic. We will also learn a range of superhero songs and dances, exploring different types of percussion instruments to accompany our songs.</p> <p>We will encourage the children to listen closely to familiar songs and even create their own!</p>
